To: Parents of Jefferson Davis County Schools

Re: Transportation Pick Up and Delivery

The Jefferson Davis County School District is proud to serve approximately 1400 students with elementary schools in both the Prentiss (J. E. Johnson Elementary) and Bassfield Zones (George Washington Carver Elementary) and one high school for the entire county (Jefferson Davis County High School). As safety and instruction are our top priorities "Where Children Come First", we have completed an extensive review of our transportation department and must yield the following as our general guideline for procedures as we transport our students.

The Jefferson Davis County School District Transportation Department will extend the best possible arm of courtesy to all students and parents in our district through communication and support. We desire to be as consistent with our pick up times and delivery times as possible. As a result, anytime there is a delay or cause for inconsistency we will either send out a Connect-Ed message or send a letter home with your child, if time allows. We will also be careful to ensure that our students are picked up on the right side away from traffic and the door facing the pick-up location (This procedure is not optional; it is feasible and adheres to the safety of your child/children).

We would like to say "Thank You" for your continued support and trust in our system to provide transportation for your child(ren).

Respectfully,

Dr. Jason McLeod, Director of Academic Success

Dr. Jason A. McLeod, Ph.D., Director
